

Domicile365

ENTERPRISE

Gain exposure to where your employees are each day to manage your enterprise nexus, employee withholding obligations, permanent establishment, apportionment formulas, NYC Unincorporated Business Tax ("NYC UBT") and other exposures.

Approximately ½ of the states in the U.S. require withholding commencing on the first workday for an employee in the state. Other states have different thresholds.

60 DAY FREE TRIAL

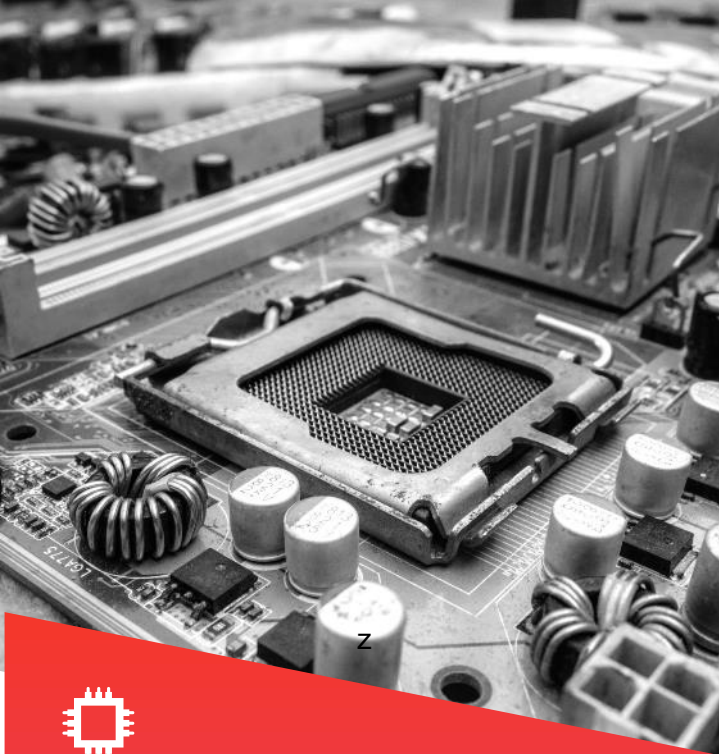

Download the App and create an enterprise account to get started. No commitment or credit card needed.

FLEXIBLE SUBSCRIPTIONS

Multiple Options

Monthly enterprise subscriptions can be purchased online at any time, with pricing based on the number of onboarded employees. Subscription options can be viewed at www.domicile365.com/EnterprisePricing.php

“The ability of employees to work from anywhere creates increased compliance exposures.”

INTUITIVE OPERATION

The onboarding process has been streamlined for Enterprise users.

- Each employee simply downloads App from App Store and signs up for free account.
- Administrator signs up for an enterprise account and adds employees
- Start monitoring.

STATE HEATMAPS

View Anytime

Enterprise users can access state heatmaps at anytime listing day counts for each employee in each state. Use this to provide alerts when withholding tax thresholds are approaching, met or exceeded. Monitor as well for nexus and PE issues.
